**Limitations & Currency of information**

Public Access provides members of the public with access to West Lancashire Borough Council (“the Council”) planning and map-based data. All the information is for indicative use only. The Council seeks to meet the highest standard of quality information. Whilst every effort is made to ensure the accuracy of the data, which is supplied in good faith, the Council will not accept any liability in respect of any loss, damage or injury (financial, contractual or otherwise) sustained as a result or allegedly as a result of reliance thereon.

The online planning application and building regulation submissions history contained within the site is incomplete and should not be relied upon in connection with a property transaction.

Anyone wishing to obtain planning or building regulation information for this purpose is advised to carry out a local land charges search through the Council’s Land Charges Section or the National Land Information Service (NLIS) using one of the licensed channels.

Details of planning applications currently exist from January 1990 and building regulations submissions from January 1999. For details of applications prior to these dates please submit a Site History Enquiry or a Local Land Charge Search.

You can also view and download plans and documents (subject to copyright) relating to planning applications received since 1 January 2000. There are a number of applications received between 2000 and 2004 where the documents have not been published. To view unpublished documents email your request to plan.apps@westlancs.gov.uk

Following a two year period from the date of the decision on a planning application certain documents will no longer remain available online. If you wish to view these documents they can be made available for a limited period only but you will need to contact Planning Support tel: 01695 585329 to make the necessary arrangements.

Planning constraint information is not available via Public Access.

The Council reserves the right to remove or not display certain planning application information for confidentiality or other reasons.
