Given the increased traffic and its attendant dangers, what, if any, provision is to be made for the horse owners of the parish? As development increases, so do the restrictions on the traditional pleasures of rural life. To my knowledge, there is not even the provision of one public bridleway. There are many horse riders in the parish of Burscough, but their needs appear to be wholly ignored by local government. Can we expect any improvement in this situation? It would be a dreadful shame for traditional rural hobbies and pastimes to be pushed out of village life at least of all for the children of the parish who love ponies.
